INDUSTRY LEADERS

AFFORDABLE

SIMPLE

SINGLE PROVIDER

Sonitrol and Cisco are trusted security providers leading the industry in physical and data asset protection. Sonitrol is your single source in protecting these valuable assets with a simple, affordable network protection solution bundled into one license.

State-of-the-art, Customized Solutions

About Sonitrol Network Protection

Sonitrol Network Protection powered by Cisco Meraki is Sonitrol's fifth core service that we can provide and monitor for our customers. This advanced firewall solution will protect your network from daily cyber threats, including intrusion, malware, ransomware, phishing, malicious files and more, that can cost you money, stress and business downtime. Our solution is Wi-Fi enabled and cloud-based that provides advanced threat protection for an entire network. The setup process is easy and configured to your preferred specifications. Automatic reporting gives you insight into your business so you can easily see the value this solution brings.

About Sonitrol

Sonitrol leads the industry in verified electronic security by providing customers single source integrated security solutions for intrusion, video, access, fire and network protection. As more cities and municipalities require verification before dispatching police to an alarm, Sonitrol's ability to verify intrusion—through patented technology, in real-time—offers unrivaled credibility with law enforcement and security for our customers. Sonitrol has the fastest police response times, lowest false alarm rates and best apprehension record in the security industry, over 180,000.

With service in cities all across North America, Sonitrol offers cutting-edge security where and when you need it most.

ALWAYS ON THE JOB.
